

2020 Inspection and Training Promotion

Take advantage of an awesome labor discount while having a professional Globe Technician ensure that your machinery is running its best!

Valid Through
September 2020

Your plant is more efficient when your employees are trained and your equipment is running smoothly. Globe Machine is offering a 20% discount on the cost of labor* when you request a technical inspection or inspection + training session during the months of February and March.

Technical Inspection:

- 2 days onsite
- Inspection of operation and equipment condition
- Review of spare parts
- Detailed report of findings & recommendations

Inspection + Training:

All of the above + a third day onsite for training

REQUEST A FREE QUOTE TODAY FOR THE PROMOTIONAL DISCOUNT

*Quote will include discount on labor for two (10) hour days onsite only. Daily expenses, travel time, and estimated airfare will be quoted per the attached rate sheet. Additional time onsite is available and will include discount offer.

Benefits of Globe Inspection

- Increased component life cycles
- Decreased downtime
- Optimized equipment performance
- Reduced probability of sudden equipment failure
- Lower costs by eliminating unnecessary maintenance or repairs
- Better preparation for governing body compliance inspections

Offer is not valid with other discounts
